SAD AFFAIR -Ray, Frank D. Lee, 4 son of the late Cassius F. Lee, residing in the vicinity of the Theological Soninary, near this city, in temporary aberration of mind, yesterday put an end to the life of his only son, aged sine years, to whom he was devotedly attached, and then committed suicide with a pistol. This truth was not discovered until about noon to-day, when suspicion of the state of the case having been excited, the house, which was securely fastened from within, was broken open, and the two bodies found lying upon a bed in such manner as to develop the above fact. Mr. Lee was a man of superior ability and circulation, was a graduate of the University of Virginia and of the Theological Seminary, and for several years exercised accepta bly his ministry in the Episcopal Church. He was subsequently compelled to give it up on account of ill health, and since 1886 has been living in retirement on Seminary He married a daughter of the late Allen Taylor, of this city.

CHILDEEN'S DAY.—The Sanday school of the Baptist Church last night held a "Children's Day" service which was pronounced a signal success. There was a full bouse to florist, the platform and rear alcove were a bower of greenery with tropical plants-an effective background for the dainty little lassies that flitted before it in their evening dresses. The instrumental music was a not able feature and was rendered by Profs, Gres kurth and Samuels, cornetists; Messrs. Owens and Horning, alto; Mr. Henry Nalls, baritone, and Miss Lillie Nalls, planist. The vocal music was well up to the standard, the hymne themselves being exceptionally Many of the pieces contained passages rather d flicuit for Sunday school sing-ing, but good practice made good execution. The recitations were extremely simple and were rendered with no affectation of elocuineary display, but with a pretty self-possention worthy of maturer years. The en tertsinment was under the personal super-vision of Mr. Joseph Bodgers, the Superintendent of the school, who was assisted in the services by Mr. John F. Dunnington. All credit is due Mr. Rodgers and the officers and teachers of the school for the success of the entertainment. The exercises were not prolonged and all seemed to feel that the time had been pleasantly spent,

VESTERDAY -The contrast in the weather of ye-tordey with that of the previous Sunday was striking, yesterday being an ideal summer day, while the first Sunday in June was more like a rainy November day. Yes- for catalogue. Furniture, &c. was more like a rainy November day. Yes-teday was bright and clear all day, not a cloud dimming the sun's rays, which, however, were tempered by a delightful breezs. The night, too, was beautiful and the lovely moonlight and delightful temper-ature induced many to remain out of doors till a late hour. The churches yesterday were all largely attended at all the services and in the evening many persons were on the streets. The excursion boats which passed this city were all crowded and as each was provided with a band of music the river front was kept lively all day. Many persons also spent the evening in sailhoats on the river, while others enjoyed drives and strolls in the surrounding coun-

The Effect Was Magical.

I suffered from cancer on my lip that defied the skill of the best physicians of the State. I had it burned out, but the operation only made it worse, causing it to spread over more surface and eat deeper in. I finally used Swift's Specific (S. S. S.,) to heality and drove the poison out of my blood. The effect of the Specific was magicall it healed up entirely without leaving a scar as a reminder. This was over four years ago, and since then there has been no sign of a return of the cancer. I will cheerfully answer any inquiries in regard to my case.
